**Re: Excel Xcelerator Hand Dryer**

It is not often that I put pen to paper to sing the praises of a consumer product or its supplier. However my dealings with Aladdin and the Excel Xcelerator hand dryer it distributes warrant some effort on my part.

My company purchased its first Xcelerator Hand Dryer in July 2005. It performed so far above expectations that we purchased another five (5) in December 2005. We are now in the process of planning another complex in which we will install another eight (8) units.

We cannot recommend the Xcelerator highly enough as a hand dryer. It is by far the best Hand Dryer I have ever used and I have used plenty in the quest to find an efficient one.

In addition the service offered by Aladdin was exemplary.

If you are considering a Hand Dryer don't be put off by the price of the Xcelerator because this Hand Dryer actually works and continues to perform as good as the day it was installed. Please don't hesitate to contact me by phone if you would like me to elaborate.
